

HIP IMMOBILIZERS

HIP WRAP™

Item #53000

The **HIP WRAP™** is made with white corrugated plastic. This hip and pelvic stabilizer splint is a less painful way to stabilize and transport all hip and pelvic fractures. Adjustable straps are 2" polypropylene webbing with plastic side release buckles.

Each Hip Wrap™ includes a 4" X 18" gray foam block. Also comes with instruction sheet.

Item # 53000M - Hip Wrap™, case/12
