For the benchmark in strength and durability for latex gloves, look no further than **Diamond Grip™** gloves. **Diamond Grip™** gloves are thicker than typical latex gloves for enhanced protection, and also provide the greatest protection where you need it – at the fingertips – to prevent ripping and tearing.

Diamond Grip™ gloves give you the best in durability and strength across the board.

- Recommended for use when:**
- Strength and durability are a requirement on a regular basis
 - Working with utensils and instruments in mid- to heavy-duty environments
 - Quality and reliability are what you desire in a hard working glove
